Aviation services is gaining momentum as a new industry in the service sector in Malta and Francis J. Vassallo & Associates Limited and the World Aviation Group Ltd. have spared no time in forming an alliance to go to market.

The two parties have now joined forces to provide a portfolio of services to the global aviation operators, whether these are individuals owning or operating private aircraft, corporate organizations running or participating in the ownership of corporate jets, aircraft leasing organizations, commercial airlines and others.

“We are confident that this tie-up with our partners will add significant value to the efforts which our two organizations are making to attract to Malta aviation related business” said Dominic Attard, CEO of the World Aviation Group.

Francis J. Vassallo, president of the Francis J. Vassallo & Associates Limited says that their success in the financial services sector could, in the future, be complemented with this new activity which should strengthen their role. “We have now a formidable team of experts who can deliver real value, including tax efficiency, to corporate clients engaged in the operation or ownership of corporate and private aircraft. With our extensive contacts and joint expertise we will offer a comprehensive portfolio of benefits to the corporate world”.

Francis J. Vassallo & Associates Limited is a financial services company based in Valletta with a track record of providing financial and tax advice to international clients.

The World Aviation Group, a Maltese-Australian group of companies, provides a range of aviation-related services and expertise including the provision of multi lingual contact centre services, customer acquisition and care, revenue accounting, billing and collections services, accounting operations and other back office activities focused on the aviation world.
